

## Guide and Prices for Classic Frames

1. Prices for classic frames are highly variable – please either contact me directly via my contact details page at <http://www.chasingrays.co.uk/wpsite/contact/> or send a completed order form below for a no obligation initial quote.
2. Delivery:
  - i. All bespoke products require some time to be produced - please allow up to four weeks (20 working days) for delivery of your product from the time you upload/ send your digital image or otherwise from the time of your portrait session.  
Postage and packing costs are calculated by the total weight of your order; this is calculated in real time through Royal Mail, so the total cost will not be available until you have begun to put items in your basket.
3. General requirements for classic frame products:
  - i. You will need to supply one image with each product ordered.
  - ii. I am happy to arrange a portrait session to provide you with an image for your small accessories – please contact me as per the details at the head of this page or use my contact details page at <http://www.chasingrays.co.uk/wpsite/contact/>. For more details on portrait sessions see my website page at: <http://www.chasingrays.co.uk/wpsite/services-and-products/photography-sessions/portrait-sessions/>.
  - iii. If you wish to supply your own digital image(s), you may arrange for the creation of an upload account, either by contacting directly as per the details in 2(ii), or through my account request form at <http://www.chasingrays.co.uk/wpsite/client-area/download-accounts/>. Otherwise, please feel free to supply your own image on CD/ DVD – in each case, please include contact details, a completed copy of the order form at the end of this guide and any further information you may feel necessary with your CD/ DVD.
4. Image quality:
  - i. Out of preference, all images supplied to me should be in JPEG format using either an sRGB or AdobeRGB colourspace at 300 dpi as a minimum requirement.
  - ii. If your images are not in JPEG format, I can accept a number of image formats – please contact me as in section 3(ii) with any queries regarding image format and quality, or to send me an example image for testing.
5. Conditions of use of upload and download accounts apply:
  - i. Accounts will be monitored for inappropriate material. Whilst it remains a last resort, any users found uploading or sharing inappropriate material will have their accounts suspended and any offending materials will be deleted.
  - ii. In agreeing to use this upload and download facility, you acknowledge that Chasing Rays Photography cannot be held responsible for the quality of the internet connection to our server. These can vary depending on time of day and week, with peak usage often

occurring around 6 pm. If you experience repeated problems, please contact me as detailed in 1(i) or 1(ii) to make alternative arrangements for delivery of your files.

- iii. A fair usage policy (15 files total, 20 Mb per file, 300 Mb total upload *for each upload session*) applies. If you wish, you may use multiple sessions to upload multiple files.

6. Further details on upload and download accounts:

- i. See the documentation at <http://www.chasinggrays.co.uk/wpsite/client-area/> and <http://www.chasinggrays.co.uk/wpsite/price-lists-and-guides/>.

7. Guide to ordering your frame (see ordering form below for more details):

- i. Choose a frame size, in inches or millimetres. If you require a print, I am able to print up images up to A3+ (13" x 19") by default; images with a larger short edge will require outsourcing which may incur additional cost (an such costs will be itemised on your initial quote).
- ii. Choose your frame style; see the two tables below as a guide to your choice:
